PELL/ACG/SMART and COD Processing Review This presentation will review an implementation and maintenance beginning with year 1 and Offer tips and tricks other schools could benefit from. See what schools like and don't like about the process as well as items that should be proposed for change and why. Participants are encouraged to share your schools experiences and get new ideas to benefit your students.	Dave Curran <i>SunGardHE</i>	09:00 - 10:00 Royale I	
PHEAA Processing and using attending hours when attendance is required CCP will discuss how we have utilized customized Oracle tables, database packages/job submission processes, baseline APIs and Oracle forms to help alleviate much of the manual processing for the administration of PHEAA awards. We will also discuss how we are using an already existing enhancement for attendance reporting to drive our attending hours process. We use the baseline attending hours table and term enrollment tables in Financial Aid and a custom version of the RSRENRL process to populate attending hours and term enrollment based on reported attendance.	Akiyah Baugh/Dennis Lyons - Lead Presenters Beth Giampietro Co-Presenter <i>Community College of Philadelphia</i>	10:10 - 11:00 Grande IV	Technical Student Community College
